This book is an invaluable aid in all clinical areas where injectable medicines are administered, giving information on methods and routes of administration, usual dose, stability and compatibility data on injectable medicines available in New Zealand.

All existing monographs have been revised and many more added. This new edition features 'at a glance' route compatibility and infusion rate tables.

Price: \$175 per copy including GST and postage & packaging. An electronic (pdf) version of all monographs is also available (\$1,250 including GST) with bulk purchases (≥ 20 copies) of the paperback edition. Please include your street address for courier delivery and purchase order details for inclusion on invoice if required.
