

Recovery and Resilience

NZHPA Pharmacists in Mental Health Special Interest Group Seminar

Christchurch—29th & 30th July 2017

If you're looking for an enjoyable weekend of learning (and maybe want to tack on some skiing afterwards), come along!

Check out our awesome keynote speakers:

*Professor Roger Mulder will be giving the opening address on **personality disorders**. He is the editor of the *Personality and Mental Health Journal*, and has published over 150 articles and book chapters*

*Dr Alexa Kidd is a clinical geneticist and part-time psychiatrist, whose areas of interest include **myotonic dystrophy** and **Perry syndrome***

*Cynthia Spittal is a social worker with over 30 years of experience, who we have invited to talk about **motivational interviewing techniques***

*Associate Professor Sandy McLeod has a special interest in **Huntington's Disease**, and is a very entertaining speaker!*

*Associate Professor Caroline Bell has been studying the psychological and neurobiological effects of earthquakes, and she will be talking about **anxiety disorders***

Dr Matthew Croucher is the founder and Director of the CDHB's Psychiatry of Old Age Academic Unit. He will be discussing the use of antipsychotics in dementia
