Notes on Injectable Drugs 2020

To be published in November 2020 – now taking orders!

The “must have” resource for the safe administration of injectable medicines in New Zealand.

Guidance on how to prepare and administer the 204 most commonly prescribed injectable medicines **for adult and paediatric use**.

Completely revised and rewritten in an easy to use format, with input from nurses and pharmacists across New Zealand. Includes 7 new medicines.

All monographs now **continuously reviewed to reflect current best practice** and New Zealand usage.

Your staff can **access the latest information online** – either directly through a browser or through links in your local software.

And the book you have come to rely on over the years is still available – **free if you subscribe** to online access - and will be reprinted with new material every year.

Price

Price for **online access** varies depending on the size of your organisation. Annual subscriptions start from \$345 (incl. GST and a free book) for an organisation with 1-3 regular users.

Contact info@noids.nz for exact pricing and number of free books for your organisation.

Individual books \$230 each (incl. GST and delivery costs). Order form on the NZHPA website at www.nzhpa.org.nz or from info@noids.nz
